

Dear Equestrian Guests,

Welcome to Bear Valley Springs! We are pleased that you have found time to spend with your family and friends in our beautiful valley. We have wonderful equestrian facilities for your use after you have checked in at the Equestrian Center. Check-in procedures are required to satisfy our insurance carrier. As you can imagine, securing liability insurance for an outfit such as ours is difficult and quite costly so your cooperation is appreciated.

The procedure is as follows:

All riders must check-in at the Equestrian Center to:

- Complete a Waiver of Liability
- Obtain a Temporary Amenity Use Pass
- Pay a grounds fee of \$10.00 per day per horse

A **Temporary Amenity Use Pass** is required for any guest who will not be riding with or accompanied by a Bear Valley Springs member. The member must request a pass in writing to the Association office or the Equestrian Center prior to your arrival. The request must include the member's lot and tract number, the dates the guests will arrive and depart, and the names of each individual. No pass can be issued to any person not listed. **A Gate Pass is not a pass to use the amenities. It is only a road pass to your destination.**

The **Waiver of Liability** must be completed by the rider or parent of minor or legal guardian. Sorry, grandparents can not sign the waiver for the minor grandchildren. Waivers are available on-line at BVSA.org for a parent to complete prior to their Childs arrival at Bear Valley Springs. We require all riders to sign the helmet waiver portion of the waiver regardless of whether you wear a helmet or not. All minors are required to wear a helmet.

The **Grounds Fee** is required to help offset costs incurred from allowing guests with equines access to our facilities. The liability cost for this is substantial and we hope that you will understand our need to relieve our members from this cost for your benefit.

Again, please assist us in ensuring that our equestrian guests will always be welcome, your cooperation is the only way this can be ensured.

Sincerely,

Bear Valley Springs Association
