

Bear Valley Springs Association

The Whiting Center

is the place to cool down during the summer heat.

The lobby and game room are air conditioned, comfortable, and open all seven days. We have game tables, billiards, air hockey, a large lending library, and big TV. We have a soda machine, water fountain, and make coffee; plus we are right across the parking lot from the country store and grill for lunch items.

**There is no need to swelter at home
when you can spend time in comfort.**

Be aware that we cannot offer medical assistance here and you should call 911 for that.

- * First Game: July 14
- * Last Game: Sept. 16

Quick Pool Update

Health Breaks at the pool are designed to keep our pool from closures due to contaminations.

This means that every hour the kids should:

- Use the restroom
- Have some water and/or a snack so they don't get sick
 - Apply sunscreen
 - Take a short rest if needed

This will keep our pool from the frequent closures we have been having.

Thank you!
